ASC3 West Tuesday and Thursday Class

My name is Evelyn, my pass job was working as a session coach at a program with school age children teaching parents positive technique skills to reduce defiant behaviors. My great friends Miss Delores & Mr. Bronic introduced me to ASC3. To learn new upgrade software's how they work, I like to improve my little skills and build some more confidence.

The class is amazing very friendly staff is great the instructor Rick Mosley is very kind, articulate, knowledgeable awesome teacher. I would surely recommend ASC3 to family and friends. I do plan to continue attending class to better my skills.
